High School Notes.

The recent basket ball and base-ball games with Salem, Palmyra and Mapleton, resulted in the following scores: 17 to 9 in favor Spanish Fork; 6 to 5 in favor Palmyra; 18 to 6 in favor of Spanish Fork; 18 to 7 in favor of Spanish Fork, and 16 to 6 in favor of Mapleton.

This year the High School graduating exercises of Utah county will be held at Lehi on Saturday, May 15th. The annual track and field meet will be held at the same place during the afternoon of the same date.

On Thursday evening, April 15th the students of the first year High School met at the home of Thomas Jarvis, where they held a very happy and enjoyable social. There were present Mr. and Mrs. Jarvis, Mr. and Mrs. Rowe, Miss Evans, the Jarvis girls, and the members of the progressive first year High School. The evening was spent in social chat, games and bounteous festivity. At 11 o'clock the students sat down to a table decorated with beautiful dishes filled with the choicest of good things, and partook of a splendid supper. Hannah, Ann and Grace served in a very creditable way. All present were merry, the host and hostess were generous, and the students therefore had a happy time—one to be remembered by them as a green spot in the landscape of High School life. The moments were fleeting. Come again.

High School will continue for three more weeks. Any person who expects credit must be in attendance till the last examination is given. FERN.

A Most Valuable Agent.
The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and herbs in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure severe, obstinate, chronic coughs, bronchitis, and hemorrhoidal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-over coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:
In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon fermented, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity.
"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.
Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

Chas. Whitlock Suicides.

About 3:30 o'clock last Saturday afternoon the inhabitants of this city were shocked to learn that Chas. Whitlock, a familiar character about town, had shot himself in the Palm saloon.

During the forenoon Mr. Whitlock borrowed \$5.00 from Samuel W. Davis, with which he bought some supplies for the house.

Shortly before the shooting he went to the Co-op, and bought the cartridges from George Wilson, remarking that he was "going up the creek," he then crossed over to the Palm saloon, where he bid Thomas Warner good-bye, and ordered a drink, and as Mr. Warner was placing the cash in the register the fatal shot was fired, the bullet passing through his heart, living only a few minutes. He had been bidding Mr. Warner good buy in a similar way for a couple of months.

He was 48 years of age, and leaves a wife and four children to mourn his death. He had been failing in health the past year. The remains were taken to Manti Monday for burial.

The Book Social at the Presbyterian church last Friday evening was a splendid success. A nice crowd was present. Guests from out of town were Misses Vera Haymond, Dora Stewart and Fern Parkard of Springville, and Messrs. Roberts, Bailey and Halverson of the government works. Flinch and other games were played, and refreshments were served. The cash receipts were \$4.00, and 34 books were contributed. The librarian requests those who have had books more than two weeks to return them, as she is too busy to go to the homes after them, and if a book is worth borrowing it is surely worth returning. We wish most heartily to thank those who contributed books and helped to make the social a success.

MRS. SYLVIA STODDARD,
MRS. EFFIE DART,
MRS. ANER JOHNSON.

We acknowledge an invitation for the commencement exercises of the class of 1909 of the Dr. W. H. Groves Latter-day Saints Hospital Training School in Whitney Hall, Salt Lake, Thursday evening, April 29. The graduates: Alice E. Rogers, Lina Wilhelmine Dyruff, Metta Elenora Nelson, Dorothy Maiben, Maria Lyle Proctor, Maude Walker, Margaret Ingersoll, Mary Emma Garn, Marjorie Moss Franklin, Nancy A. Osborn, Beulah Bagelman, Freda Eleanor Jensen and Merion Ida Douglass.

The work by the city council to secure electric lights for the city of Spanish Fork is progressing very nicely. We learn on good authority that next week the government will order the poles to be used over the bench from the power plant at the mouth of Spanish Fork canyon to the city limits of Spanish Fork.

Young men's suits with plenty of grace and full of ginger—built in in a way that grey-beards won't fancy and built in that fancy way because they're not meant for old folk. Wide-shouldered coats. Built-out chests and shapely waists. Full-pegged trousers with the new wide spring cuff at bottom. The shape that you find in 'em the first day will last to the last. It's permanent—tailored into the cloth—a matter of needle work—not pressing. They wear so much longer that they're by all odds the cheapest clothes when you divide the number of months through which they give satisfaction into the price you give for them.
